8. The reply to the petition has been filed by Uttar Pradesh Power Corporation Ltd. (UPPCL). UPPCL in its reply has contended following issues:
(a) The petitioner should have mentioned the OM No. and date through which approval was accorded for implementation of the transmission scheme;
(b) The petitioner has failed to fumish technical justific ation for the three assets;
(c) Head-wise break-up of balance and retention charges in respect of assets are to be provided in the manner presc ribed in the reply;
(d) The petitioner has not mentioned the length of transmission line etc. for venifying the $O \& M$ expenses; and
(e) With a view to safeguarding the consumer's interests the petitioner be directed to obtain the consent of the stakeholders in such cases at appropriate forum.
9. We have considered the submission made by the UPPCL. This petition has been filed for revision of tarff due to additional capital expenditure incurred during 2008-09. Therefore, the requirements spelt out at para (a) and (b) above are not relevant. In regard to para (c) above, the concem expressed by the UPPCL has been taken care of. As the $O \& M$ expenses component does not undergo any change consequent to the approval for additional capital expenditure, there is no justification for directing the petitioner to fumish the details of length of transmission lines, number of bays etc. in the present petition. $O \& M$ expenses as taken for the tariff calculations as per order dated 9.6.2009 and 22.4.2009 in Petition No. 27/2009 and $135 / 2008$, respectively have been considered. In respect of para (e) above, UPPCL is at liberty to initiate appropriate proceedings in accordance with law for any modification of the procedures for seeking approval. Accordingly, the objections of the respondent are not tenable. UPPCL has also objected to considering publication expenditure, reimbursement of the petition filing fee and licence fee. These concerns have been taken care of in the order.
