## .Kreate

Energy

To Mr. Sanoj Kumar Jha The Secretary Central Electricity Regulatory Commission Chanderlok Building, 36 Janpath New Delhi-110001

**Subject:** Comments/ Suggestions on The Draft regulations "Central Electricity Regulatory Commission (Terms and Conditions for Renewable Energy Certificates for Renewable Energy Generation) Regulations, 2022.

Regulation-4: Eligibility for Issuance of Certificates

(comments/suggestion)

Clarification required on weather REC certificates on account of self-consumption can be utilized for meeting the obligation of subsidiary/associated/group of companies.

• Regulation-6: Grant of Accreditation for certificates and Regulation-8: Grant of Registration of certificates miss-match.

According to **Regulation 6 (1)**, Accreditation for Certificates to the eligible entities connected to intra-State transmission system shall be granted by the State Agency Provided that the entities granted accreditation for Certificates under the REC Regulations, 2010 shall remain valid for 5 years. Whereas according to **Regulation 8** on the regiotration once granted 10 valid for 15 years. Hence there is a mismatch in periodicity between Accreditation of certificates and Grant of registration of certificates.
