**ORDER**

**(DATE OF HEARING: 27.11.2008)**

The petitioner has filed this petition seeking reimbursement of additional expenditure incurred towards deployment of special security forces at Wagoora sub-

station located in the State of Jammu and Kashmir, during the year 2006-07 in Northern Region.

2. It has been stated that there is danger to the public property under the prevailing circumstances in the Kashmir Valley. According to the petitioner, the assets such as control rooms, stores, residential buildings and equipment like Auto transformers, circuits breakers, panels, etc worth crores of rupees need round-the-clock guarding at Wagoora sub-station, being under constant threat of militancy and terrorism. In order to counter the threat, the petitioner has deployed Central Industrial Security Force (CISF) at Wagoora sub-station as the local police has shown its inability to provide the necessary security. The petitioner has stated that continued deployment of the CISF is also required to give a sense of security/safety to the personnel working in the area. In support of requirement of CISF at Wagoora sub-station and the fact that militancy related incidents in the Kashmir Valley have not completely abated, the petitioner has placed on record cuttings from the newspapers.

3. To sum up, the petitioner has submitted following justification for deployment of CISF at Wagoora sub-station, namely:

- (i) To avoid damage to the property, assets associated with Wagoora sub-station, which need round the clock guarding;
- (ii) Lurking apprehensions that miscreants may damage some of the equipment at any point of time; and
- (iii) To guard against any sabotage activity at the sub-station which may totally disrupt evacuation of power from Uri Hydroelectric Project, located in the State of Jammu and Kashmir to the beneficiaries in Northern Region.

4. The petitioner has based its claim on Regulations 12 and 13 of the Central Electricity Regulatory Commission (Terms and Conditions of Tariff) Regulations, 2004 (the regulations) which empower the Commission to make appropriate provisions for removing difficulties and relax the provisions thereof in appropriate cases.

5. The petitioner has submitted the following break up of the additional security expenditure incurred during the year:

S.No.	Description	(Rs. in lakh)
1.	Salary	167.48
2.	Medical	4.62
3.	Vehicle expenses	3.91
4.	Uniform	5.72
5.	Ammunition	0
6.	Hard Coke	6.44
7.	Others	1.07
	<b>Total</b>	<b>189.24</b>

6. The petitioner's claim for reimbursement of the expenses is supported by auditors' certificate dated 7.3.2008. No objection has been received from the respondents as no reply has been filed by any one of them. The representative of the HPGCL suggested at the hearing that surveillance camera should be fixed at the sub-station.

7. We have considered the submissions made. While laying down norms for O & M expenses in the regulations, abnormal security expenses were excluded on the understanding that such expenses could be considered on case-to-case basis. On perusal of the evidence placed on record by the petitioner, we are satisfied that the expenditure incurred by the petitioner on making special security arrangements at Wagoora sub-station for the reasons beyond its control was justified and in the overall

interest of security of the Northern Regional grid. Therefore, in our view, the petitioner is entitled to reimbursement of the expenses incurred.

8. We, in exercise of power under Regulation 13 of the regulations and in relaxation of the provisions thereof, direct that the expenses for the year 2006-07 as claimed by the petitioner shall be reimbursed by the respondents. Accordingly, expenses shall be shared by the respondents in the ratio applicable for sharing of the transmission charges for Uri Transmission System, approved by the Commission vide its order dated 23.11.2005 in Petition No. 100/2004 for the year 2006-07.

9. With this order, the present petition stands disposed of.
